

Spirit and Social Activities

Evidence of an activity that aids in the transition of middle level (or any entry grade) students into high school:

Dolphin Experience: February 24, 2018

Dolphin Experience is an event for current 8th graders and their parents to come tour Dana and to talk to all the teachers and to learn about all the different sports, organizations, and new opportunities our school has. You can visit each department and learn from student experiences and get to know some of the teachers.

danahillshighschool Very successful dolphin experience this morning for incoming dolphins and their families. We can't wait for our new dolphins to join us next year 🐬🌟
