

Spirit and Social Activities

Evidence of an activity that highlights the diversity in the student body/ school, or evidence of an activity that appeals to different student audiences.

Dana Hills High School's Humans of Dana instagram account (@humansofdana) is dedicated to exhibiting talented, spirited, and hard-working dolphins. This includes students, faculty, and teachers.

humansofdana Featured Athlete:
Katlyn Sowers, Class 2021

Katlyn dances soca production as a freshman. Pursuing her dream of becoming a ballerina, she began dancing when she was 2 years old and has been hooked ever since. Katlyn's biggest inspiration is her mom because of the love and support she has gotten from her throughout her life. Katlyn's states, "dancing has impacted me as a person because i use it as an outlet to let all my emotions out and it makes me really happy to do what i love every day with people i love". A fun fact about Katlyn is that she loves 80's music and she is also planning on dancing in college!

humansofdana You may all know Josh Wallin either as a theater star or a fashion icon, but Josh talked about his role as Harvey Johnson in the play Bye Bye Birdie which debuted in late November. He described his character as a "total nerd" and Conrad Birdie's biggest fan. Josh also acts in many other shows such as Luke in Musicalc, The Man in The Man in the Seat 24, and Mr. Mistoffelees in Cats. He is also on the Improv Team and says he has very little free time and he usually gets home from school everyday at 5 or 6 after long rehearsals. Josh is also enrolled in many honors classes including Honors Pre Calculus as a sophomore, and he procrastinates about as much as everybody else but he always finds a way to keep his grades up. Although Josh has little time to himself, he says that he absolutely loves being in SOSCA and everything he's doing at Dana is completely worth it. He spends lots of time with his friends during rehearsals and he says he's always surrounded by great people. He enjoys being able to pursue his passion even though he has no idea what he plans to do in the future. Josh is an outstanding example of a busy, but accomplished student at Dana Hills. Josh's headshot is pictured above

humansofdana Meet Sarah Vasquez! "I'm a sophomore and the co president of the journey Christian club I started this year with a couple of my friends to share my faith and the journey of being a Christian through messages every other Wednesday in room 814 during lunch. I'm also a photographer I've been doing that for a little over 3 years now and I absolutely love it along with traveling. I recently took a road trip with a ton of my friends and had a blast and just made so many great memories. I started photography because my great grandfather was a photographer and growing up seeing him with his camera was always so inspiring to me and he'll always be my favorite photographer he past away but before he did he gave me his camera which has encouraged me to grow as a creator and is the reason why I'm so passionate about it. I also played violin for about 2 years and during that time I realized how fun it is and how that just made me want to learn more and be even more creative through many forms of arts." 📷💕👉

humansofdana Meet Mr. Hudson! A honors biology and marine biology teacher. Mr. hudson has been teaching here at dana for 19 years. He says his favorite part about teaching is getting to know his students and inspiring each and every one of them. When he's not teaching he enjoys camping, backpacking, doing water sports, and going to Baja. Later this year, in Honors Biology he plans on taking his students on a trip to the EEC.
