

Serving the Community

Evidence of a community service project:

An example of a community service project was our RH Holiday Party. All of ASU went to our local elementary school, RH Dana, during their lunch and held holiday themed activities. We had gingerbread house decorating, cookie decorating, ornament decorating, snowflake making, and holiday music. In addition, we had holiday cookies and hot chocolate which was donated from Coffee Importers. Mrs. Georgia a 4th grade teacher said, "This is the happiest I have ever seen my kids. They didn't want to leave".

Reflecting back on the event I believe it was a huge success and left an impact on the students, teachers, and ASU members. However, I learned for next year we will need more gingerbread houses.
